

Accessories 2013

Valiant offers a premium quality range of multi-purpose accessories.

4 Blade Heat Powered Fan

Maximise the circulation of heat around your room while optimising fuel efficiency. The fan, with its black anodised look and unique sturdy design, is both attractive and practical.

Operation occurs from electricity generated by heat to the virtually silent motor.

The 4 Blade Fan produces a broader volume of warming air.

Height: 23cm

Width: 20.5cm

Product Code: FIR360

2 Blade Heat Powered Fan

Maximise the circulation of heat around your room while optimising fuel efficiency. The fan, with its black anodised look and unique sturdy design, is both attractive and practical.

Operation occurs from electricity generated by heat to the virtually silent motor.

The 2 Blade Fan produces a narrow flow of warming air.

Height: 23cm

Width: 20.5cm

Product Code: FIR300

Thermometer

Optimise the heat output, by monitoring and controlling the temperature. The thermometer magnetically attaches to any steel or iron surface (BBQ, patio heaters, ranges and chimineas).

Temperature is displayed in Centigrade and Fahrenheit.

Diameter: 6.5cm

Depth: 1.5cm

Product Code: FIR116

Valiant Carbon Monoxide Monitor

Protect against the silent killer with the Professionals choice of Honeywell Carbon Monoxide Monitor. Used by Housing Associations and Government Bodies to protect the occupants where

poisonous carbon monoxide may occur.
